## NEGROES SHOOT VICTIM.

When two negro stickup men commanded Gus Edwards, young negro, 33, to get out of his car at 10 o'clock, he refused. He was shot at by the two negroes, one of whom, near Jefferson avenue, he darted away from their reach and ran. Both negroes shot at him several times with pistols. ## To Absorb Freckles and Other Blemishes

Every spring numerous inquiries are made by girls seeking some reliable recipe for removing freckles. Very favorable reports have been received from many who have used mercurized wax during the freckling season. The wax, which possesses unusual properties, completely absorbs the freckles, with no harmful effects whatever. The complexion improves wonderfully, becoming as soft as a rose petal and as delicately tinted. Get an ounce of ordinary mercurized wax at any drug-gist, spread a thin layer of it over the entire face every night for a while, washing this off in the morning. For rough, spotty skin, sallowness, blackheads, pimples and all cutaneous blemishes, this treatment is superior to any other.

## NEGRESS IS KILLED IN QUARREL OVER IRONING

Spring fashions relating to the ironing of certain lingerie, lead to an ardent argument early Friday night between Laura Smith, negro, 1146 Mississippi boulevard, and Anna May White, negro, 1209 Phillips avenue, both busy washing such garments in the rear yard of the Phillips avenue house. Anna May departed mumbling, according to other negroes present. She returned in a few minutes bringing a long-bladed knife, which she is alleged to have darted at Laura's breast. Her aim was perfect, the keen steel penetrating the woman's heart.

Leaving the knife in Laura's body, Anna May ran from the yard and disappeared. The Smith woman was dead before Policemen Taylor, Brunner and Chick could get to the scene.

## AMUSEMENTS

### Loew's Lyceum.

Two clever players, with a comedy sketch cleverly written, delighted audiences at Loew's Lyceum Thursday afternoon and topped a bill that is pleasing all the way through. This sketch is "Sweetie and the Sweet," written by those two versatile and talented writers of vaudeville sketches—Frances and Marie Nordström—and it is enacted by Mr. and Mrs. Norman Phillips. The little jealousies which arise between their airing at the breakfast table, are filled with amusing dialogue and comedy situations which give no end of laughs. The acting of Mrs. Phillips is especially pleasing.

Alf Grant, comedian, monologist and writer of his own material, is another one of the bright spots on the program, his stories being fresh and his songs entertaining.

Black and Paglia, one an Italian character comedian, are two funsters with a sense that keeps one in a good humor, and the sharpshoot act of LeHoen and Dupree is diverting and demonstrates some very accurate shooting.

Billie Burke in "Good Gracious Annabelle," a comedy with some of the most dramatic in it, is the film star. Miss Burke portrays the role of a pretty girl who is kidnapped by a hermit in a cave, released and then showered with wealth and then brought back to her hermit husband in a most interesting manner. The picture is breezy and refreshing and Miss Burke is most agreeably cast. Loew's News Weekly and a comedy reel are added.

## Orpheum.

Al Lydell and Carlton Macy, at the Orpheum this week, are both clever character comedians. Each has delineated a characterization with conspicuous success in various skits and plays but until now they have never appeared together. The present combination, however, creates a team that is a favorite even before it has been seen. They are playing a little comedy with musical trimmings called "Old Timey," by John J. McGowan. It is a decorative day at Bucksport, Me., and the two old friends meet and their meeting is the source of the comedy.

An aerial counting act is offered by the Four Sensational Bobs that is unusual both as to routine and variety. Because of their remarkable aerial evolutions they are called human airplanes, but all of their feats are performed from a netting, that is the paraphernalia instead of being swung, stands upon the stage.

Sun and Wind Bring Out Ugly Spots—How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any drug-gist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles. adv.
